

SUPERLIFT
SANITARY LIFTS

EXPERTS IN SANITATION LIFT EQUIPMENT FOR FOOD AND PHARMACEUTICAL COMPANIES

Stainless Steel “E” Low Profile Lift Table

Features

- 304 and 316 Stainless steel
- Can be loaded with a pallet truck
- Wash down motor and Nema 4 controls standard
- Lowered height 4.1 inches
- 3000 lb capacity or 1380 Kg capacity

Options

- Stainless steel motor
- Nema 4X Sloped control panels
- 2200 lb option with stainless cylinders
- 230/460/600 three phase available

Technical data

Model SL SS LP E	
Lowered height	Raised height
4.1 inches	34.1 inches
110 volt power pack	

Stainless Steel Economy Lift Tables

Features

- High quality 304L and 316L stainless steel
- Conforms to En1570 and ANSI/ASME safety standard
- Capacities 150 kg to 1,000 kg
- Safety clearance between scissors to prevent from trapping
- Swivel wheel with protection frame and brake to prevent foot from injury
- Built-in relief valve to fulfil overload protection.
- For use in food and medicine industry

Technical data

Model	SL B SS50 - SINGLE SCISSOR	SL B SS100 - SINGLE SCISSOR
Capacity	500 kg 1,102 lbs	1,000 kg 2,204 lbs
Material	304 Stainless steel	304 Stainless steel
Platform size	828mm x 498mm 32.6" x 19.7"	1,010mm x 520mm 39.75" x 20.5"
Lowered height	330mm 13"	444mm 17.5"
Raised height	950mm 37.4"	950mm 37.4"

Stainless Steel Ergonomic Lift Tables

Features

- Value priced 2,000 and 2,500 lbs capacity
- USDA and CGMP compliant
- North American 304L and 316L stainless steel
- Bolt together design eliminates cracks, crevices and pin holes where bacteria can form and reduced down time
- Sanitary design with full pan base and platform formed to eliminate welds
- Nickel plated or stainless cylinders
- Nema4x hand controls

Options

- 36" and 40" lift heights
- Stainless hydraulic cylinders
- Sanitation package 6" adjustable legs to make floor around lift easier to clean
- Rotating platforms, tilting platforms
- Portable and semi portable
- Polished tig welds
- Safety railing with gates
- Air powered | Self propelled
- Double and triple lifts
- Custom sizes
- Capacities from 500 to 10,000 lbs

Nickel Plated Cylinders

Bolt Together

Delrin Rollers and Bearings

Sanitation Package

30" Lift

Model	Capacity	Platform sizes	Base sizes	Lower Height	Raised Height	Motor HP	Motor weight
SL SS30-20	2,000 lbs	44" x 48"	36" x 48"	8"	38"	1	550lbs

SL SLLP 40	4,000 lbs	36" x 48"	4.5"	33"	36" x 30"	800lbs

Stainless Steel Pneumatic Lift Tables

Features

- Heavy Duty all welded frames
- Delrin bushings
- Life time guarantee on Firestone Airbags
- Low maintenance
- Easy operation

Options

- Larger Capacities
- Turn Tables
- Safety Skirts
- Larger Platforms
- Ball Transfer
- Tandem Lifts
- Portable Units

Stainless Steel Wash Down Lift Table

Fully welded with stainless steel cylinders

Features

- No crevices and pin holes where bacteria can form and reduced down time
- Sanitary design with stainless cylinders
- Nema4x hand controls wash down powerpack
- Standard finishes from 2B, electro polished and 35 RA

Options

- Raised feet
- Rotating platforms, tilting platforms
- Portable and semi portable

30" Lift

Model	Capacity	Platform sizes	Base sizes	Lower Height	Raised Height	Motor HP	Motor weight

Stainless Steel Double Scissor Lifts

Capacities 500 lbs to 10,000 lbs

Features

- Capacities from 500 lbs to 10,000 lbs
- Lift heights to 144"
- Tube and non tube units available
- Delrin rollers and Delrin bushings
- 100% grade 8 bolts

60" Lift

Model	Capacity	Platform sizes	Base sizes	Lower Height	Raised Height	Up speed	Motor HP	Shipping weight

• Options include rotators, railings and sanitation package

Stainless Steel Uplift Pallet Trucks

Capacity 3,000 lbs to 4,500 lbs

- 3,000 lbs capacity
- 304 L
- 27" x 48" forks
- Lithium battery
- Small profile for clean room and RTE food application

Features

- Manufactured entirely of stainless steel and specially designed for corrosive environments and other applications
- In compliance with high standards of hygiene, such as food processing and pharmaceutical industries

Options

- 316L Stainless steel
- Rider platforms
- Capacities to 10,000 lbs

- Pharma grade 304L or 316L electro polished
- Fully Welded
- No cracks or crevices

- 4,500 lbs capacity
- 304 Stainless steel
- Exceptional value

General data		
Manufacturer's type designation	PTE15N	
Drive	Battery	
Operator type	Pedestrian	
Load capacity/rated load	1.5 T	
Load centre distance	23.6"	
Load distance centre or drive axle to fork	37.2"	
Wheelbase	46.5"	
Weight		
Service weight	271lbs	277lbs
Axle loading, laden front/rear	1,102lbs/2,475lbs	1,380lbs/2,204lbs
Axle loading, unladen front/rear	211lbs/59.5lbs	218lbs/59lbs

Pallet truck specifications for 3,300 lbs

Tires, chassis		
Tires	Polyurethane (PU)	
Tires size front	8.2" x 2.7"	
Tires size rear	3.1"x 3.6" (optional tandem 3.1" x 2.7")	
Additional wheels (dimensions)	-/3.1"x 1.2"	
Wheel number front/rear	1x / 2 (1x/4) or 1x +2/2 (1x+ 2/4)	
Tread front	-/420	
Tread rear	15"	20.6"

Dimensions		
Lift	4.5"	
Height of tiller in drive position min./max.	27.5"/6.2"	
Height, lowered	3.14"	
Overall length	60.2"	
Length to face of forks	12"	
Overall width	21.1"	27"
Fork dimensions	1.8"/6.2"/45.2"	
Distance between fork-arms	21.1"	27"
Ground clearance, centre of wheelbase	1.2"	
Aisle width for pallets lengthways safe distance	78.7"	
Turning radius	52.3"	

Performance data	
Travel speed, laden/unladen	4.6/4.8 km/h
Lift speed, laden/unladen	0.020/0.025 m/s
Lowering speed, laden/unladen	0.05/0.04 m/s
Max. gradeability, laden/unladen	4/16%
Service brake	Electromagnetic

Electric-specifications	
Drive motor rating S2 60 min	0.65 kW
Lift motor rating at S3 10%	0.50 kW
Battery acc to DIN 43531/35/36A, B, C, no	No
Battery voltage, nominal capacity K5	24V/20 (optional: 24V/30, 24V/36)
Battery weight	10lbs
Energy consumption acc to VDI cycle	0.18 kWh/h

Stainless Steel Triple Scissors Lift Tables

Capacities 1,000 lbs to 10,000 lbs

Features

- Raise up to 10,000 lbs of men and material to heights of 216"
- Fits heavy loads in small footprint and will go where no other heavy equipment can travel
- Stationary manlifts or as mezzanine lifts for your facility
- Quad lifts as well as stainless steel models for clean rooms

Options

- Standard and polished finishes
- Clean room compliant
- Epoxy coated and galvanized available
- Painted mild steel also available
- Stainless steel enclosures and mezzanines are available

72" Lift

TSL 216-100	10,000 lbs	60" x 120"	60" x 120"	40"	240"

Stainless Steel Self Adjusting Lift Tables

Features

- Solid formed platform and base frame eliminating cracks and crevices
- Bolt together designs eliminating pinholes in welds and potential holes where bacteria can hide
- Delrin rollers and delrin bushings and bearings eliminating rust from teflon bushings and steel bearings leaking into your process
- Optional sanitation package that keeps your lift off the floor, making it simpler to clean your facility
- Air eliminates springs that will rust and crack and eventually fail
- Self adjusting and operator adjusted designs for the best ergonomic options
- Large rotator rollers for improved ergonomics

Options

- Stainless feet
- Fork pockets
- Stainless Bellows
- Clean room Bellows
- Fixed platform
- Rectangular platform

Sanitation Package

Delrin Rollers and Bearings

Bolt Together

Standard

Option 1

Adjustable feet

Option 2

Open platform | Side fork pockets

Stainless Steel Single & Double Portable Lift Tables

Features

- High quality 304L and 316L stainless steel
- Foot pump and powered lift available
- Delrin rollers and bushings
- Battery powered, air powered and A/C powered
- Platform sizes to 48" x 72" (1,200mm x 1,600 mm)
- Lift heights to 78" high
- Nickel plated and stainless and washdown pumps

Stainless Steel Spring Actuated Level Loader

Features

- The best way to save workers backs
- Automatically keeps pallet or stillage loads at an optimum working height when loading or unloading goods
- Dramatically reduces the effort required to palletise goods
- Built-in turntable allows simple load rotation and access to all sides

MODEL SPP360-2000		
Capacity	4,500 lbs	2,000 kg
Platform diameter	43.75"	1,100 mm

Maximum platform height	27.75"	706 mm
Base size	36" x 36.75"	915mm x 934mm

Stainless Steel High Lift Scissor Truck

Electric

Features

- World class quality and performance
- For use in meat and other food industry, dairy canning and all areas where corrosive acids and saline solutions are used
- Single stage cylinder
- No decrease of capacity
- No risk of leakage
- No dangerous dropping of second stage cylinder
- With built-in charger or built-out charger on customer's request
- Custom Paint
- Custom Sizes

Stainless Steel Custom Manual Pallet Truck

Features

- 304L and 316L Stainless Steel
- Up to 4,000 lb capacity
- Wider forks to 36" wide
- Longer forks to 96" long
- Narrow or wider forks
- North American Stainless

Stainless Steel Pharmaceutical Grade Pallet Truck

Features

- 100% Stainless steel frame carriage, forks and undercarriage
- Available in 304L and 316L stainless steel
- Capacities 500 to 10,000
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical, chemical and other demanding application
- Custom fork for lengths and widths
- cGMP Models available
- 24 Volt E and EE ratings galvanized, powder coated and epoxy steel it painted models available

Options

- Stainless steel Platform trucks to 6,000 capacity
- Available in lift heights to 36"
- Custom sizes to 10,000 lbs capacity

Drawings

Stainless Steel Straddle Stacker

Features

- 100% Stainless steel frame carriage, forks and undercarriage
- Available in 304L and 316L stainless steel
- Capacities 500 to 5,000 lbs
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical, chemical and other washdown applications
- Custom fork sizes
- cGMP Models available
- Lift heights to 189 inches
- Custom designs
- UL and CE approved

Options

- cGMP
- Epoxy coatings, galvanized, nickel plated and linex coatings available
- Rider platforms
- Horizontal travel models
- Straddle trucks, counterbalance fork over and walkie reach trucks are all available

Drawings

Stainless Steel Counterbalance Stacker

Features

- 100% Stainless steel frame carriage, forks and undercarriage
- Available in 304L and 316L stainless steel
- Capacities 500 to 5,000 lbs
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical, chemical and other washdown applications
- Custom fork sizes
- cGMP Models available
- Lift heights to 189 inches
- Custom designs

Options

- cGMP
- Epoxy coatings, galvanized, nickel plated and linex coatings available
- Rider platforms
- Horizontal travel models
- Straddle trucks, counterbalance fork over and walkie reach trucks are all available

Stainless Steel Pallet Jack

Capacities 5,500 lbs

Features

- Hydraulic pump with quality German design and a foot release pedal for ease of operation
- Steering and rollers: features a 180° pivot action handle, helper rollers, and ball thrust steering for greater manoeuvrability
- Adjustable push rods allow for individual adjustment capability at either fork height
- Forks are rounded one-piece heavy gauge steel construction with reinforced tapered ends allows for easy pallet entry and unbeatable durability
- 12 Grease fittings allow easy maintenance for years of trouble-free service
- Rugged heavy-duty frame constructed of one-piece formed channel steel offers incredible strength, with the selection of powder coated, galvanized, or stainless steel finishes to suit any application

Specifications

Load capacity	5,500lbs
Drive / Operation type	Manual
Steering wheel	Φ7.9"
Fork length	36" / 42" / 48"
Overall fork width	20.5" / 27"
Raised fork height	7.8"
Lowered fork height	2.9"
Total height	48.2
Handle Fulcrum	16.6"
Aisle width, 39"x47" crosswise	66" / 68" / 71"
Aisle width, 32"x47" lengthwise	70" / 70" / 71"
Turning radius	48" / 50" / 53"
Service weight	139"-165"

3 position handle for safe & easy use

- Upright position lowers the load with dampened hydraulics & handle springs back to the upright position,
- Neutral position for moving loads with a 180° swivel, allowing for exceptional manoeuvrability in tight spaces.
- Lowered position raises loads to 5,500lbs up to 11", with options for quick raising.

Stainless Steel Movable Mast Reach Truck

Features

- Movable Mast European Style
- Pantogram Scissor Style from North America
- 1,000 to 3,000 lbs capacity
- A/C Drives
- 304L or 316L Stainless Steel
- T.G. Welded Fully Welded

Drawings

Stainless Steel Push Stacker

Features

- 100% Stainless steel frame carriage, forks and undercarriage
- Available in 304L and 316L stainless steel
- Capacities 500 to 2,500 lbs
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical,
- Custom fork sizes
- cGMP Models available
- Lift heights to 189 inches
- Custom designs
- UL and CE approved chemical and other washdown applications

SL SS WFO 25	2,500 lbs	24 V	20" - 120"	non adjustable
SL SS WFO 30	3,000 lbs	24 V	20" - 120"	

Drawings

Stainless Steel Reach Truck

Features

- Up to 3,000 lbs capacity
- 304L Stainless steel
- 24" reach mechanism
- Tilting forks

Options

- 316L Stainless steel
- Rider platforms

The speed control provides fingertip control for driving the truck

Stainless Steel Walkie Stacker with Drum Lift

Features

- 1,000 capacity
- 304 Stainless steel
- Powered grip

Stainless Steel Walkie Fork Over Stacker

Up to 4,000 lbs

Features

- 100% Stainless steel frame carriage, forks and undercarriage
- Available in 304L and 316L stainless steel
- Capacities 500 to 4,000 lbs
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical, chemical and other washdown applications
- Custom fork sizes
- cGMP Models available
- Lift heights to 189 inches
- Custom designs

Options

- cGMP
- Epoxy coatings, galvanized, nickel plated and linex coatings available
- Rider platforms
- Straddle trucks, counterbalance fork over and walkie reach trucks are all available
- Tight turning models for small clean rooms platforms

Drawings

Stacker with platform

Counterbalance

Stainless Steel Tight Turning Stacker

Features

- Heavy capacity for lifting IBC's and other ingredients pallets with the smallest footprint available.
- 3,000 lbs capacity
- Built in charger
- 304L and 316L stainless
- 83" lowered mast height with lift height to 144"
- Single, double and triple mast

Drawings

Stainless Steel Portable Tote Tilter & Straddle Tote Tilter

- Features**
- 304L and 316L Stainless Steel or Epoxy finished
 - Up to 90 degrees of tilt angle
 - Straddle and fork over styles available
 - 2,500lbs capacity
 - Ergonomics height of 32" to bottom of tote 110 V and 24 V DC

Specifications

Capacity	2,500 lbs
Construction	Stainless Steel
Lowered height	6.5"
Dump height	34" to 48"
Forks	6" wide x 25" long 15" between forks
Power pack	24 volt DC with hand controls
Tilt angle	85°
Paint	White epoxy

Drawings

Stainless Steel Portable Tipper/Dumpers

Sanitary Design

Features

- 38", 48" and 60" tipping height
- Up to 115 degree tipping angle
- 1,000 lbs capacity
- Stainless Steel

- Tote tilters
- Drum tilters
- IBC tilters

Drawings

Stainless Steel Pneumatic Tilter

Features

- 100% Stainless steel frame
- Available in 304L and 316L stainless steel
- Capacities 500 to 5,000 lbs
- Finishes 2B, electro polished and 35 RA
- Clean room compliant
- For Food, pharmaceutical, and other washdown applications
- Floor mounted or stand mounted
- cGMP Models available
- Custom designs
- UL and CE approved
- Air bag powered

Options

- cGMP
- Epoxy coatings, galvanized, nickel plated and linexcoatings available
- Rider platforms
- Horizontal travel models
- Straddle trucks, counterbalance fork over and walkie reach trucks are all available

Drawings

Stainless Steel IBC Lift & Tilt Ergo Positioner

Features

- Stainless steel construction and lift heights to 144"
- Ensures the IBC is in the perfect position for maintenance and cleaning
- Portable push around or portable power driven
- Made in North America
- 100% Stainless steel 304L and 316L
- Available in painted, galvanized and steel it paint
- 24 volt DC powered

Drawings

Stainless Steel High Point Tilter

1,000/2,000/4,000 lbs

Features

- Ground level loading with pallet truck up to 90 degree tilt angle at 33 inches
- 30 inch reach max in tilted position to end of back plate
- Air/Hydraulic (standard)
- Foot Pedal Standard (hand control optional)
- A/C 110/1/60 volt (standard) Hand or foot control
- A/C 460/575/3/60 vol (optional) Hand or foot control

Options

- Photo Eyes
- Safety Skirts
- Increase/restrict tilt angle
- Full plated platform
- Increase/reduce platform size
- Semi-portable c/w dolly handle

Drawings

Stainless Steel Sanitary Ground Level Tilter

Features

- 304 Stainless steel
- Sanitary no weld platform
- Capacity 2,000 lbs to 4,000 lbs
- Washdown motors
- No enclosed metal and no tube

Options

- Stainless steel motor
- Electro polish
- Sloped stainless control panels
- 316 Stainless steel
- Stainless steel cylinders

Drawings

Stainless Steel Ground Level Dumpers

Features

- 100% Stainless steel Angle + Plate Design and no tube is used in the design
- Available in 304L and 316L stainless steel
- Capacities to 3,000 lbs
- Finishes 2B, electro polished
- For washdown applications
- Custom designs
- UL approved
- Faster sanitation times

Drawings

SL D SS 135-30 3000 lbs. capacity
Various dump heights available

Stainless Steel Ground Level Column Dumpers

The cleanest dumpers in the industry

Features

- 500 lbs to 3,500 lbs capacity
- No tube or enclosed material
- 304L or 316L stainless steel
- Dump angle to 135°
- Up to 10 feet dump heights
- Ground level loading
- Faster sanitation times

Eliminates the possibility of listeria or bacteria

Sample Drawings from 36" to 120" dump height

Stainless Steel Pallet & Standard Pallet Inverter

Features

- 3,000 to 4,500 lbs capacity
- Quality North American components & off the shelf parts for maintenance
- Load with a pallet truck
- Floor level access so the inverter can be loaded with a pallet rack
- Adjustable height clamp from 75" to 120"
- Faster cycle times allows operator to remove pallets and spacers in record times for fast return on investment
- Stainless steel is standard and mild steel, epoxy coated are available
- Off the shelf UL/CSA electrical panels your needs.

Drawings

Stainless Steel Clean Room Manlift

- Features**
- Operates in factory air
 - Fast operating time
 - Single and two person models
 - Slipnot flooring
 - 100% stainless steel
 - Various layout and heights available
 - Air powered available
 - Spark proof available

Drawings

WEIGHT: - lbs
HARDNESS: -

Stainless Steel Manlifts

Features

- Capacities from 500 lbs to 10,000 lbs and lift heights to 144"
- Tube and non tube units available
- Delrin rollers and Delrin bushings
- 100% grade 8 bolts

Stainless Steel Air Powered Work Positioner

- Features**
- Operates in factory air
 - Fast operating time
 - Single and two person models
 - Slipnot flooring
 - 100% stainless steel
 - Various layout and heights available
 - Can be mounted on any stand

Drawings

Stainless Steel Work Positioner

- Features**
- SUS304 material, good for corrosive acids application
 - Ideal for use in narrow aisles and confined spaces
 - Perfect for all applications from pharmaceutical to catering, from packing line to food processing, from warehouse to office, kitchens, laboratories, retail outlet
 - Operated via a manual hand winch
 - Auto brake system prevents uncontrolled lowering
 - With standard PE platform, stainless steel platform as option
 - Quick change attachment options available

Stainless Steel Column & Mezzanine Lifts

Features

- 304L and 316L stainless steel
- Ground level loading
- Front and side loading models
- Lift heights 2 to 240 inches
- Sanitary design reduces cleaning time
- Capacities from 500 lbs to 6,000 lbs
- Operator controlled and automated models
- Meets ANSI standards, TSSA standards available
- cGMP and USDA

Options

- Standard and polished finishes
- Clean room compliant
- Epoxy coated and galvanized available
- Painted mild steel also available
- Stainless steel enclosures and mezzanines are available

Stainless Steel Ground Level Mezzanine Column Lift

Features

- 304 Stainless steel
- Sanitary no weld platform
- Capacity up to 3,000 lbs
- Wash down motors
- No enclosed metal and no tube
- Front load and Side Loading available

Options

- Stainless steel motor
- Electro polish
- Sloped stainless control panels
- 316L Stainless steel
- Stainless steel cylinders

Stainless Steel Stationary & Portable Ingredient Lifts

Features

- Capacities from 100 lbs to 750 lbs
- Lift heights to 96"
- Standard and custom solutions
- Ergonomic lift and dump your ingredients into your process that will eliminate injuries
- Barrels, bags and boxes to 96"
- Stainless steel in 304L and 316L
- Epoxy coated with stainless ingredients containers
- Enamel painted units
- Dump angle to 45 degrees
- Some stationary units do not have to be lagged to the floor
- Available in air, electric and hydraulic models

Stainless Steel Drum Lift

Features

- Removes drums from Pallets and containment skids
- Capacity to 990 lbs or 450 Kg
- 100 % 304 L stainless steel
- Lockable casters, stainless steel cylinder
- Powered drive available

Technical data

Model	SL SS DL
Lifting Capacity	450kg 992 lbs

Stainless Steel Pharm Assist

manual model shown

Features

- 304L or optional 316L stainless steel for your clean room applications
- Standard and custom sizes and custom end-effectors are available for your special applications
- A small foot print in 24 volt DC drive with lithium and sealed batteries that will provide shift after shift of lifting ease
- Available with manual or electric brake so that your load will stay where you place it
- Easy to use controls that are identical to a powered pallet truck so any experienced operator will find it easy to use.

Optional attachments

Spindle

Double Spindle

Reel Rotator

V Block

Stainless Steel Self Adjusting Push Carts

Features

- Ergonomic positioning from 13 to 37 inches
- 304L and 316L North American Stainless Steel number 4 finish
- No power required
- SPARK proof available
- Oversized platform and custom sizes available
- Self contained stainless springs in smooth sanitary finish, easy to clean wash down
- Anti static wheels

Drawings

Stainless Steel Clean Room Fabricated Solutions

Features

Superlift Clean Room Fabricated Solutions offers a wide range of stainless steel surfaces for all clean room environments.

Our products conform to regulations and standards outlined in the various standards applicable for the pharmaceutical, food and medical industry.

Superlift Clean Room Fabricated Solutions include:

- Cabinets
- Medical & safety carts
- Benches
- Pass through, latches
- Shelving
- Lockers
- Work stations
- Ergonomics
- Ladders
- Standard & custom sizes
- Process equipment

Stainless Steel Tugger

5,500 lbs capacity

Features

- Can be used in a wide variety of applications
- Very compact design makes the machine extremely manoeuvrable
- Very easy to connect the hook to the object in an instant with almost no effort
- High quality Curtis Speed Controller, which is programmable according to your needs
- Increased employee productivity
- Powered lift available

Specifications

Model	SM2500
Driving motor	DC Motor 24V, 300W
Traction capacity	2,500kg 5,550lbs
Travel speed	0-6 km/h
Speed controller	Curtis band and speed and acceleration are freely programmable
Battery	Build-in 24V/80A
Charger	Build-in 24V/10A
Tires	Solid ø 250mm x 85mm 10" x 3.5"
Net weight incl. battery	220 kg 485 lbs
Width	500 mm 19.6"
Length without hook	930 mm 37" (handle in the lowerest position)
Handle height	1020-1545 mm 40" x 61"
Overall height	900 mm 35"
Standard provided with	Battery, battery charger, standard hook
Options	Special hooks, no-marking solid tire
